Mountain School Adventure

Once upon a time, in a small village nestled between two towering mountains, there was a unique school. This wasn't an ordinary school, but a school where children learned about different cultures. Every day, the children would climb up the mountain to reach their school. The school was a colourful building, decorated with flags from all around the world. The children loved their school and their daily mountain adventure. One day, their teacher, Miss Lily, announced a special project. "We are going to create a Culture Fair," she said. The children were excited. They were divided into groups, each representing a different culture. They spent weeks researching, creating, and practicing. Finally, the day of the Culture Fair arrived. The school was buzzing with excitement. Each group presented their culture with pride. There were dances, songs, food, and stories from different parts of the world. The children learned so much about each other's cultures and felt a sense of unity. At the end of the day, they all climbed down the mountain, their hearts filled with new knowledge and respect for different cultures.

What is the name of the teacher?

Where is the school located?

What is the special project announced by Miss Lily?

What did the children learn at the Culture Fair?

How did the children feel at the end of the day?
