## Underwater Friends

In the deep blue sea, there lived a friendly fish named Finn. Finn loved to swim around and play with his best friend, a playful dolphin named Dolly. They loved each other very much. Every day, they would swim together, explore the underwater world, and help each other when they were in trouble. One day, Dolly got stuck in a net. Finn saw this and quickly swam to help her. He used his sharp teeth to cut the net and free Dolly. They hugged each other and swam away happily. Their love for each other made them the best of friends in the underwater world.
